A Note To Our Valued Customers And Our Distributor Partners Across The Globe

We at Go Simply Connect love creating and innovating solutions that make life “simple” for our customers.

We consider ourselves lucky that we come to “work” every day excited to engage and learn from you and the wealth of knowledge you bring to our business. The Simply Brands are a direct result of your interaction and knowledge sharing; our products are a direct reflection of our customers. If knowledge is power, our customers are the Tiger Woods of the low voltage industry.

Inside this catalog you will find the result of years of R&D, customer testing and feedback, and real-life testimonials. Through social media, trade shows, and phone calls we have been able to tap into and learn from a quickly evolving industry. Our brand influencers are some of the best in the world, and not because of their Instagram following, but because of the pay-it-forward mentality that raises all boats and changes lives. For example, our partnership with TeKnowledge World Wide (#communityovercompetition) has changed the lives of hundreds of people over the past two years as they upgraded technology in long-term and family care facilities at no cost.

We are grateful for your support for our products and your input on what is needed for the future. Please keep reaching out through our website chats, sliding into our social media DMs, emailing our sales@gosimplyconnect.com address, or calling our office at 954-928-8600. This company is what you, our customers, make of it, and we can’t wait to see what the future holds.

Our Brands

**Go Simply Connect Provides Products and Experience
To Get the Job Done Right, The First Time.**

Our expertise spans 20+ years streamlining the installation process for wire, cable and field terminations. Our unique and innovative designs provide confidence that you have the highest performing connectivity solutions for technology used today.

Simply45®

The Award-Winning Brand for Innovative RJ45 Solutions – Demand the Best for your network devices

Simply45® is the leading brand for RJ45 modular plug innovation and performance solutions. Our patented RJ45 solutions solve many of the problems that cause network downtime and truck roll backs, including electrical arcing and shorts, reducing near and far crosstalk, and category cable compatibility issues. Simply45 is designed for the professional integrator who demands the best.

Simply45® provides solutions for both Pass-Through RJ45 (8P8C) Modular Plugs, Standard RJ45 Modular Plugs, and our patented hybrid PROSeries connector. The Simply45® RJ45 modular plugs are designed to provide greater electrical conductivity, improved cross talk performance, and the best PoE/PoH performance of any pass-through RJ45. We understand the critical link LAN cables and RJ45 modular plugs play in supporting the performance requirements for today's network devices.

SimplyTEST™

Simplified Test Solutions for the Installation of Wire, Cable, and Fiber.

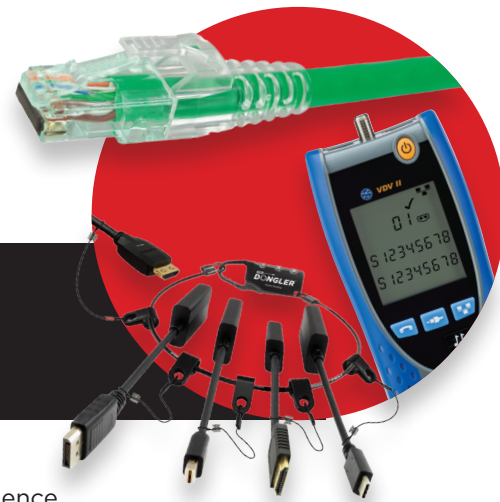

SimplyTEST™ delivers test solutions that simplify the installation of wire, cable, and fiber. Through partnerships with industry leaders in data cable and network testing equipment, we have curated a world-class portfolio of products backed by our best-in-class customer service and support.

Our partnership with Trend Networks brings two industry innovators together to deliver high-quality copper and fiber installation products, coupled with world-class testing solutions. Go Simply Connect is committed to staying focused on our core competencies providing premium end-to-end connectivity solutions, while Trend Networks' focus remains on delivering innovative data cable and network testing equipment.

SimplyAV™

Audio and video hardware solutions that are both innovative and high performing.

SimplyAV™ Introduces ProAV 8K HDMI Locking Adapter Ring – The First True Universal HDMI® Dongle Adapter Ring Holder. ProAV's patented design easily secures various mobile devices to projectors, video walls, televisions, and monitors. The HDMI Adapter ring is ideal for schools and universities, presenters, trade shows, offices, hotels, churches, gaming, and the home.

Simply45®

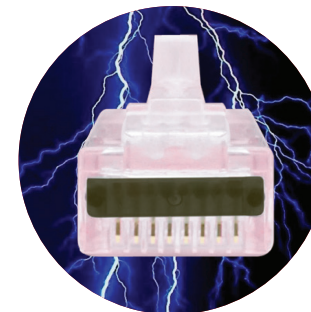

**Your Connector Solution
Center for CAT5E, CAT6,
CAT6A, CAT7, & CAT7A**

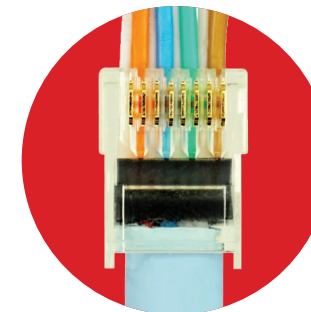

The Award-Winning Brand for Innovative RJ45 Solutions

Simply45® re-engineered the pass-through RJ45 modular plugs from the ground up. Evaluating the electrical and signal performance of RJ45 (8P8C) modular plugs we identified four key elements that impact performance. Trust a brand investing in R&D - not all connectors are created equal.

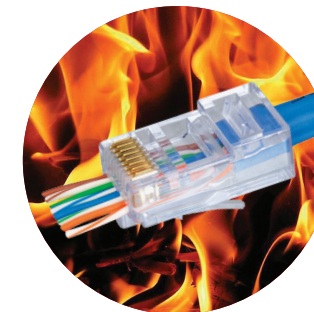

Simply45® provides solutions for both Pass-Through RJ45 Modular Plugs and Standard WE/SS (8P8C) RJ45 Modular Plugs. Simply45® understands the importance that both LAN cables and RJ45 modular plugs must work together at the highest levels to support the performance requirements for today's applications.

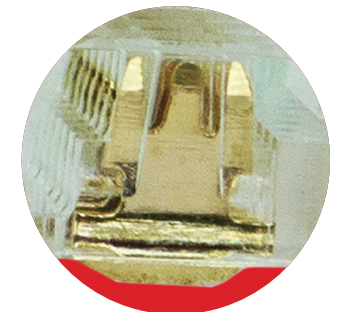

Cap45
Prevents Electrical Shorts.
Recommended for PoE
and HDBaseT.

Bar45
Improves cross
talk performance and
signal integrity.

**Commercial Rated
UL94V-0**
Designed for residential
and commercial (plenum)
applications.

3 Prong Contact Design
Increases contact surface
area for speed, reliability,
PoE, and performance.

One Tool Does It All

Crimp ALL Simply45 STP/UTP Standard & Pass-Through Connectors

- Wrapped Reinforced Steel
- Dual Synchronized Ratcheted Handles
- True Vertical Crimp
- Built-in Cable Cutter & Stripper
- Pre-calibrated Blade Cartridge
- Precise Cut Angle with No Flexing

For More Information on Our Universal Crimping Tools, See Page 16.

Simply45[®]

PROSERIES

Simply45 PROSeries Pass-Through RJ45 Modular Plugs with CAP45™

Introducing our best connector line yet. Our PROseries connectors give integrators the confidence, and performance that today's PoE network, security, and AV equipment demands.

Our PROSeries line are the only pass-through connectors that are HDBaseT approved. Simply45 PROSeries features our patented Cap45, which prevents electrical arching and reduces near and far crosstalk.

3 Prong Contact Design
Increases contact surface area for speed, reliability, PoE, and performance.

Cap45® Modular Plugs
Prevents Electrical Shorts. Recommended for PoE and HDBaseT.

Bar45® Load Bar
Improves cross talk performance and signal integrity.

UL94V-0 Commercial Rated
Designed for residential and commercial (plenum) applications.

HDBaseT Approved
Recommended for all commercial & residential certified systems

Limited Lifetime Warranty
Buy with confidence, 100% product protection

CAT6/6A

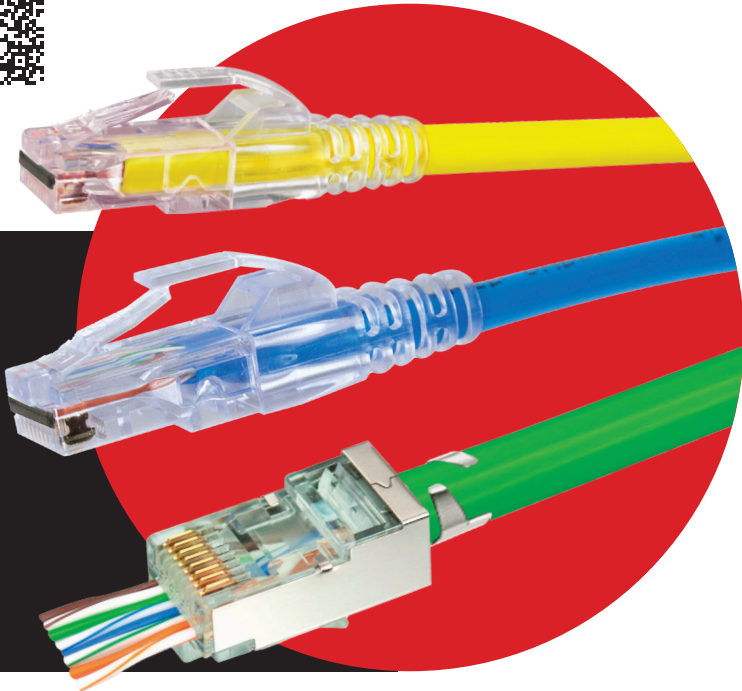

6A/7/7A

When you demand the best for your PoE network - choose our hybrid design!

Simply45 PROSeries hybrid connectors are designed to simplify the connector termination process by reducing the length of untwisted wires and ensuring you have the TIA standard correct, all while reducing labor hours and truck rollbacks due to bad terminations. Simply45 PROSeries meets or exceeds industry standards for network connectivity, ensuring that data transmissions remain efficient and stable.

Simply45 PROSeries connectors feature our patented Cap45 system that provides the convenience of a pass-through style connector with the security of a standard modular plug. The hybrid design provides greater electrical conductivity, reduced near and far-end crosstalk when tested with a level 3 certifier, and eliminates electrical arching issues which lead to costly PoE shorts and network downtime.

Additionally, the PROSeries connectors take Cat6A/Cat7A performance a step further by utilizing our patent pending Bar45 to provide better signal isolation which substantially reduces the effects of crosstalk, thus increasing bandwidth capacity (headroom). The larger the headroom, the more scalability and bandwidth your network has to transmit data quickly and accurately.

Simply45 Standard Series

Simply45 Standard Series connectors feature our enhanced connector designed for all PoE applications and high speed bandwidth requirements. Simply45 only uses the highest quality materials to ensure reliable results that greatly reduce truck roll backs. Not all connectors are created equal.

Simply45 connectors are manufactured to the highest flame retardant rating (UL94V-0) and recommended for both commercial and residential installs. The connectors feature a 3-prong offset trident contact designed for all PoE applications ensuring lower resistance and less heat build-up. These enhancements make Simply45 the most reliable RJ45 termination on the market today.

RJ45 Crimp Tools

Simply45 patented Crimp Tools are designed to streamline the process of crimping RJ45 connectors while maintaining the quality and reliability of the terminations. Our dual ratcheting handles deliver more force for a better conductor pin set and provide a smoother, faster termination, with less hand force. The reinforced steel wrapped head ensures tool stability during the crimping cycle. The pre-calibrated blade cartridge delivers consistent flush-to-face wire trimming without deforming the wire conductor. Quality and performance make our crimp tools the perfect addition to any installer's tool bag.

S45-C100 & S45-C101 Common Features

Ratcheted To Ensure Full Compression Cycle With Built-In Wire Stripper and Cable Cutter

Reinforced Steel for Greater Stability

Precision Ground Surgical Steel Blade for Flush-To-Face Pass-Through Wire Trimming

Quick Change Blade Cartridge Pre-Calibrated for Optimum Performance

Laser Etched TIA 568A/B Conductor Alignment Guide

Patented Synchronized Handles For Better Pin Set And Less Hand Fatigue
Patent Number: 10,431,949 B2

S45-C101 Unique Features:

Click-Lock Socket Ensures Proper Tool & Connector Alignment

*Connector shown is S45-1650P

Sliding Tool Lock Keeps crimp tool handles closed for easy storage

External Ground Crimp Die Properly Ground Drain Wire

Extra Blade Storage Blade storage box attached to handle includes one blade cartridge and one stripping/cutting blade.

Universal Heavy Duty RJ45 Crimp Tool

Specifications

- Works with all TIA Compliant Connectors
- Calibrated blade cartridge designed for precision angle cut with zero flex resulting in superior flush cuts with no conductor deformation
- Greater stability results in better pin sets and more durability
- Ratcheted for full compression cycle
- Reinforced steel frame prevents connector flexing during crimping process
- Ergonomic grip for right or left hand use
- Lifetime Warranty

Item#	Quantity	Price
S45-C100	1/Blister	\$96.95

Universal PROSeries RJ45 Crimp Tool

Specifications

Includes all S45-C100 features, plus:

- Click-lock socket
- Sliding tool lock
- External ground crimp die
- Extra blade storage
- See images on page 17

Item#	Quantity	Price
S45-C101	1/Blister	\$115.95

Installer Series Dual Cavity Crimp Tool

Specifications

- Crimps all pass-through & standard UTP/STP RJ45/RJ11/RJ12 TIA compliant modular plugs
- Parallel action for precise pin placement
- Built-in cable cutter and stripper
- Push button lock for easy storage
- Same S45 blade cartridge used
- Color TIA 568A/B wiring guide
- Lifetime warranty

Item#	Quantity	Price
S45-C110	1/Blister	\$61.95

External Ground Crimp Tool

Specifications

- Recommended for shielded connectors with ext. ground tabs
- Cable jacket ranges from 0.215" (5.5mm) to 0.335" (8.5mm)
- Built-in notch to crimp terminals/splices 22-18 AWG
- Hardened high carbon steel for durability and long life
- Non-ratcheted with spring-loaded, easy-open design
- Handle lock for easy storage
- Ergonomic Grip
- Limited Lifetime Warranty

Item#	Quantity	Price
S45-C360	1/Blister	\$39.95

Replacement Blades

Specifications

- Replacement blade for S45-C100, S45-C101, & S45-C110 crimp tools
- Includes one blade cartridge and one stripping/cutting blade.

Item#	Quantity	Price
S45-C190	1 Set/Blister	\$6.50

Replacement Blades with Storage Box

Specifications

- Designed for S45-C100 & S45-C101
- Blade storage box attaches to handle
- Includes one blade cartridge and one stripping/cutting blade.

Item#	Quantity	Price
S45-C190B	1 Set/Blister	\$13.50

Simply45®

Cable Strippers, Cutters, & Punchdown Tools

Adjustable LAN Cable Stripper

Specifications

- For UTP/STP Cat5e, Cat6, Cat6a, Cat7, & Cat7a category cable
- Adjustable stripping blade
- 2 available colors - Custom set blade on yellow for Cat5e & blue for Cat6!
- Silver satin / flat cable stripper
- Cable comb for straightening conductors
- Built-in cable cutter
- Lifetime warranty

Item#	Quantity	Price
S45-S01BL - Blue	1/Blister	\$18.95
S45-S01YL - Yellow	1/Blister	\$18.95

No Nick Self-Adjusting Wire Stripper for LAN/Coax Cables

Specifications

- Two stripping cartridges included
- Strips UTP/STP Cat5e, Cat6, Cat6a, Cat7, & Cat7a category cable
- Strips RG59, RG6, & RG6Q with built-in cable stop
- Cable comb for straightening conductors
- Right or left-hand use
- No slip thumb grip with finger ring
- Lifetime Warranty

Item#	Quantity	Price
S45-S02R	1/Blister	\$18.95

Premium 5" Flush Cutter with Angled Jaw

Specifications

- For Wire Up To 18AWG
- Angled Jaw For Precision Flush Cuts
- Cushioned Non-Slip Grip Handles For Greater Comfort
- High Carbon Steel For Greater Durability
- Recommended for Copper Wire
- Do Not Use for Copper Clad Steel

Item#	Quantity	Price
S45-801	1/Blister	\$13.50

5-1/2" ProSeries Electrician's Scissor

Specifications

- Ergonomic Handles Designed for Both Left and Right-Handed Use
- Durable High Carbon Stainless Steel Blades
- Notches To Cut & Strip 18-24 AWG Wire with Ease
- Serrated Teeth for Non-Slip Cutting
- Designed for Cutting Copper Wire, Kevlar, Category Cable, & Coax
- Lifetime Warranty

Item#	Quantity	Price
S45-810	1/Blister	\$33.50

Impact Punchdown Tool & Blades

Specifications

- Hi/Low Impact Settings
- Extra Blade Storage in Handle Base
- Built in hook to help pull/remove conductors
- Built in Spudger to be Used as Screwdriver, IDC Insert Tool or to Clean Debris
- Recommended Use for Patch Panels, Keystone, & Telephone Blocks

Item Name	Item#	Quantity	Price
Impact Punchdown Tool	S45-P300	1/Blister	\$49.95
110 Style Blade	S45-P310	1/Bag	\$11.95
66 Style Blade	S45-P311	1/Bag	\$11.95
110/66 Combo Style Blade	S45-P312	1/Bag	\$11.95

Speed Jack Termination Tool

Specifications

- Compatible with all Simply45® 90-degree 110 type keystone jacks
- Properly seats and trims all 8 conductors in one fluid motion
- Long-lasting stainless-steel cutting blade
- Front load design accommodates close-to-wall installation
- Ergonomic design reduces hand fatigue
- Locking handle for easy storage
- Dramatically reduce your termination time
- 8 times faster than traditional punchdown tools
- High-grade, hardened steel frame
- Replaceable Blade Cartridge
- Lifetime warranty

Item Name	Item#	Quantity	Price
Speed Jack Termination Tool	S45-P420	1/Blister	\$96.95
Replacement Blade Cartridge	S45-P420RC	1/Bag	\$16.95

Keystone Jack Closure/Seating Pliers

Specifications

- Compatible With Most Punch-Down And Toolless Style Keystone Jacks
- Parallel Action Prevents Keystone Damage
- Non-Ratcheted With Spring-Loaded, Easy-Open Design
- Properly Seat IDC Cap With Large Conductors
- Hardened High Carbon Steel for Durability and Long Life
- Ergonomic Cushioned Grip
- Limited Lifetime Warranty

Item#	Quantity	Price
S45-C370	1/Blister	\$39.95

Multi-bit Ratcheting Screwdriver

Specifications

- 6 power tool compatible bits
- High-torque ratcheting driver, 2x speed
- Easy View™ bit storage handle for quick selection
- Shock resistance steel bits, for superior toughness
- Chrome plated bits for ultimate rust protection
- Magnetic holding power for bit retention
- All metal ratchet design for long life use

Beam Clamps, Bridle Rings, & J-Hooks

Bridle Ring 1/4"x20

- Specifications
- Constructed from high-quality steel for strength & durability
 - Supports hanging cables both horizontally and vertically
 - Easily attached to any 1/4" X 20 mounting hardware
 - Safe to use in plenum spaces
 - Smooth round edge prevents cable damage during installation
 - UL and CUL listed, RoHS compliant, includes Lifetime warranty
 - 100 pack comes in 10 grab and go inner packs

Item#	Quantity	Size	Price
S45-BR21-10	10/Box	1.25"	\$12.50

Beam Clamp, Flanges 1/8"-1/2"

- Specifications
- Constructed from high-quality spring steel
 - Supports J-Hooks & Bridle Rings from structural beams
 - Static load of up to 100 lbs
 - 3/8-16, 1/4-20 or #10-24 threaded hardware
 - Shark tooth design prevents slippage
 - Safe to use in plenum spaces
 - UL and CUL listed, RoHS compliant, includes Lifetime warranty
 - 100 pack comes in 10 grab and go inner packs

Standard J Hooks

Specifications

- High-quality steel for strength & durability.
- Easily mount on a wall or a vertical surface.
- Supports category, coax, AV and fiber cables.
- May also support innerduct, tubing & conduit.
- Cable retainer pin to secure cable bundles.
- J-Hook used as a pull ring with retainer pin.
- Double zinc plating for greater corrosion resistance.
- Low-cost alternative to cable tray or ladder rack.
- Beveled edge provides proper cable bend radius.
- Complies with EIA/TIA requirements.
- Safe to use in plenum spaces.
- UL and CUL listed.
- RoHS compliant.
- Lifetime warranty
- 100 pack comes in 10 grab and go inner packs

Simplified Test Solutions for the Installation of Wire, Cable, and Fiber.

SimplyTEST™ is on a mission to deliver test solutions that simplify the installation of wire, cable, and fiber. Through partnerships with industry leaders in data cable and network testing equipment, we have curated a world-class portfolio of products backed by our best-in-class customer service and support.

Better Together!

GoSimplyConnect™ has partnered with Trend Networks bringing two industry innovators together to deliver high-quality copper and fiber installation products, coupled with world-class testing solutions. Go Simply Connect is committed to staying focused on our core competencies providing best-in-class end-to-end connectivity solutions, while Trend Networks specializes in delivering innovate data cable and network testing equipment.

Verification Testers - Now With Reporting!

Qualification Testers

Certification Testers

Fiber Testers

Security IP Camera Testers

SecuriTEST IP Digital/Analog/HD Coax CCTV Tester

Specifications

- Connect to various cameras using RJ45, Wi-Fi or BNC ports
- Power the camera with 12V from the Li-Ion battery or PoE/PoE+
- Comprehensive camera setup with aim, focus, PTZ, presets and network settings
- Faster camera login using the unique QuickIP™ function
- Provide proof of installation with PDF reports that show camera parameters and multiple video screen-shots
- Eliminate guesswork with data cable and network troubleshooting tools

The VDV II Series are easy to use cable testers that check the integrity of copper cables commonly found in domestic, commercial or industrial voice, data or video installations, including telephone wiring, data network and video/security cabling.

Employing state-of-the-art technology, VDV II offers functionality not previously available in a wiremapper. The advanced wiremap engine accurately displays complex wiring faults instantaneously while TDR (Time Domain Reflectometry) aids troubleshooting and improves on-site productivity.

Specifications

- Measures cable length
- Provides distance to fault (TDR)
- Identifies wiring errors instantly
- Determines services running: ISDN, PBX and PoE
- RJ-11, RJ-12, RJ-45 and COAX ports
- Uses standard 9V battery
- 12 Remotes for wiremap and 24 port identifiers.

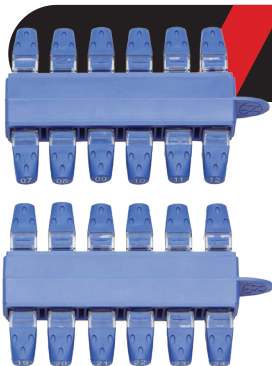

Kit of 12 RJ45 Remote Units

- Specifications**
- 12 Numbered RJ45 Tester Remotes
 - Simultaneously Test, Map, and ID 12 RJ45 data drops
 - Works for all Cat5e, Cat6 and Cat6a STP & UTP cables
 - Blue case protects tester remotes
 - Compatible with St-158005, ST-158006, ST-158007 & ST-158008

Item#	Quantity	Price
ST-158050	1/kit	\$125.95

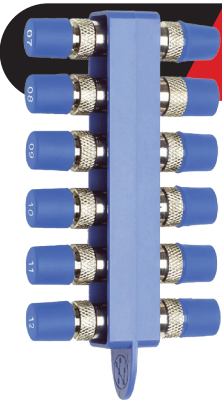

Kit of 24 RJ45 Identifiers (#1-#24)

- Specifications**
- 24 Numbered RJ45 ID Remotes
 - Simultaneously Map & ID 24 data drops
 - Works for all Cat5e, Cat6 and Cat6a STP & UTP cables
 - RJ45 ID Remotes work on Shielded and Unshielded cables
 - Blue plastic holder protects ID remotes
 - Compatible with St-158005, ST-158006, ST-158007 & ST-158008

Item#	Quantity	Price
ST-158051	1/kit	\$68.50

Kit of 12 Coax Remote Units (#1-#12)

- Specifications**
- 12 Numbered Coax "F Connector" ID Remotes
 - Simultaneously Map & ID 24 coax drops
 - Works for all RG59, RG6 & RG6Q cables
 - Coax ID remotes work on Shielded and Unshielded cables
 - Blue plastic holder protects ID remotes
 - Compatible with St-158005, ST-158006, ST-158007 & ST-158008

Item#	Quantity	Price
ST-158053	1/kit	\$78.95

Tone & Probe Kit for Data Cable Tracing

- Specifications**
- Tracker for RJ45, Cat 5e, Cat 6, Cat6A, Coax, Ethernet, telephone lines, & more
 - Trace longer cables using the industry-leading power output
 - Solve issues faster with power supply for external talk sets
 - Verify cabling with polarity & continuity
 - Locate weak signals using the highly sensitivity probe
 - Easier cable tracing with both audible & visual indicators
 - Operates in dark areas using the LED torch

Item#	Quantity	Price
ST-180000	1/each	\$136.50

SignalTEK Ethernet Bandwidth Tester

- Specifications**
- Determine max bandwidth up to 10 GB/s
 - Verify Multi-Gig upgrades on existing cabling
 - Pass/Fail to 1/2.5/5/10Gb IEEE standards
 - Eliminate PoE guesswork up to 90W
 - Copper and fiber interfaces up to 10Gb
 - TREND AnyWARE Cloud and PDF reporting

Features	SignalTEK CT	SignalTEK NT	SignalTEK 10G
Price	\$1,952.95	\$2,771.95	\$7,528.50
Advanced wiremap for miswires, split pairs, opens and shorts	✓	✓	✓
Distance to opens and shorts (TDR)	✓	✓	✓
PoE/ PoE+ detection	✓	✓	✓
Tone generator for cable tracing (probe required for detection)	✓	✓	✓

LanTEK IV-S Series
Cable Certifier

The VDV II Series are easy to use cable testers that check the integrity of copper cables commonly found in domestic, commercial or industrial voice, data or video installations, including telephone wiring, data network and video/security cabling.

Employing state-of-the-art technology, VDV II offers functionality not previously available in a wiremapper. The advanced wiremap engine accurately displays complex wiring faults instantaneously while TDR (Time Domain Reflectometry) aids troubleshooting and improves on-site productivity.

Specifications

- 7 second test time
- World's fastest Cloud enabled certifier
- VisiLINQ™ permanent link adapters
- Project navigation in the Cloud
- Dual Core CPU
- Stores up to 5000 cable tests
- Sapphire Protection Plan available to reduce the cost of ownership, minimizes downtime, and protects against unforeseen repair bills

Packages Include:

- LanTEK IV-S Display/ Remote handsets
- Li-ion Battery (2)
- Univ. Power Adapter (2)
- Hang. Strap (2)
- Quick Ref. Guide
- Carry Case
- CAT6A RJ45 VisiLINQ Permanent Link Adapters (2)
- CAT6A Channel Adapters (2)

Sapphire
CARE PLAN

LanTEK IV-S

New dual-core CPU
inside with twice
the memory

Partner Finder
Provides audible tone and visible indicator when connected to the remote unit

Intuitive User Interface
Simplified user interface for easy setup and operation

Touchscreen
High resolution impact resistant touchscreen for ease of use

Beyond CAT8/Class II
LanTEK IV-S 3000 MHz exceeds highest current standards by 50% for future applications

Performs All Extended Measurements
TCL / ELTCTL Resistance
Unbalance Shield integrity

Rugged Design
Rubberized housing, protected screen and protected measurement port (Patented)

Voltage Protection
Provides immediate notification/protection if accidentally connected to PoE

Complete Connectivity
Wi-Fi, USB A, USB C

Live Wiremap
Instant wiremap result before the Autotest begins

Label Printing Connectivity
Easily send label IDs to printers for fast and accurate labeling

Integrated Kickstand
Allows for convenient placement on a desk or shelf for easy viewing

- **7 Second Test Time (Cat 6A)**
One of the fastest test times in the world
- **Patented VisiLINQ™ increases productivity**
Operate the certifier in the palm of your hand.
- **Future proof investment**
Certify links up to Cat8.1 and Cat8.2.*
- **Certify up to 3000MHz**
Test up to 3000MHz providing room for future ratified ISO/TIA test standards.*
- **Label printer connectivity saves time**
Create and print complex naming conventions to a label printer.
- **No downtime or unexpected bills**
The Sapphire Care Plan will minimize down time and reduce the cost of ownership.

Fiber Cable Meters

FiberMASTER Fiber Optics Testers

The new FiberMASTER series of fiber optic testers will make it easier and faster to verify, troubleshoot and certify fiber optic cabling. The OTDR, PON OTDR, Power Meter and Light Source, and Inspection Probe will enable cable installers to get the dependable test results needed, while saving thousands of dollars.

As one of the smallest OTDRs in the world you will find them easier to carry and operate while the rubberized housing will protect your investment. The simplified setup options makes them easy to use, saving you time on training and reducing the likelihood of errors. Our New York Research and Development center of excellence has over 30 years experience designing OTDRs providing you with the most advanced, compact optical test systems available.

Model	Item#	Quantity	Price
FiberMASTER Quad Light Source	ST-R240LSIV	1/kit	\$2,724.75

SimplyAV Universal Dongle Adapter Ring Holder

Ready for the presentation only to find out that your dongle or adapter has gone astray? Worry no more... now that you have The SimplyAV ProAV Adapter Ring. The ProAV Adapter Ring keeps your HDMI® dongles and adapters corralled and secured for their next connection.

SimplyAV™ offers high-quality audio and video hardware solutions that are both innovative and industry-leading as far as performance. This is what separates our products from the competition making SimplyAV™ simply better.

Supports Latest Technology
HDMI v2.0b, DisplayPort 1.4,
Mini-DisplayPort, USB Type C

What makes ProAV different from any other solution?

We developed The Dongler® to be a true universal HDMI dongle adapter ring holder. No matter the brand or type of pigtail dongle or adapter, all can be quickly and securely attached to The Dongler®.

Secondly, our industry leading dongles support up to 8K HDMI, DisplayPort and USB standards. Our dongles support HDMI 2.1 with 8K@60 4:2:0 48Gbps plus Dynamic HDR; DisplayPort 1.4 supporting 8K/4K up to 32Gbps (input); and USB Type C 4K.

The quality of our dongles is unmatched in the industry. We feature aircraft aluminum housing for better heat dissipation that is necessary for any true 4K content. We tested so many brands of dongles and adapters and found that most of them only supported up to 9Gbps, which isn't even 1080p and so far away from the 8K and 4K resolutions that are becoming standard today.

SimplyAV™ offers high-quality audio and video hardware solutions that are both innovative and industry-leading as far as performance.

This is what separates our products from the competition making SimplyAV™ simply better.

ProAV Dongle Ring Unique Features:

Dongle & Adapter Harnesses
Allows for fast and easy attachment of any brand pigtail dongle or adapter.

Combination Lock
For security and easy changing of Harnesses. No tools to lose.

Theft Resistant
A plastic-coated cut-resistant steel ring connected to a combination lock allows for anchoring to desks, tables or any secure structure.

Dry and Gel Filled B-Connectors

Specifications

- Designed to help users crimp 26-20 AWG insulated wires in a single step
- Funnel-entry design to help provide easy wire insertion and ideal positioning without wire strand hang-up
- Large opening for multiple wires and heavy wire insulation
- Comes in 10x100 piece bags
- Available in dry and gel filled variety

Item Name	Item#	Quantity	Price
B-Connector Dry Indoor White	SAV-B1000	1000/Box	\$78.95
B-Connector Gel Outdoor Blue	SAV-B1000G	1000/Box	\$83.95

External Ground Crimp Tool

Specifications

- Recommended for shielded connectors with ext. ground tabs
- Cable jacket ranges from 0.215" (5.5mm) to 0.335" (8.5mm)
- Built-in notch to crimp terminals/splices 22-18 AWG
- Hardened high carbon steel for durability and long life
- Non-ratcheted with spring-loaded, easy-open design
- Handle lock for easy storage
- Ergonomic Grip
- Limited Lifetime Warranty

SimplyFIBER™ – Innovative Fiber Optic Connectors and Accessories Premiumly Designed To Be Simple To Use

Introducing SimplyFIBER™ as our newest GoSimplyConnect® family member of products. SimplyFiber™ offers premium fiber optics connectors, tools, and accessories designed to revolutionize the fiber optics industry.

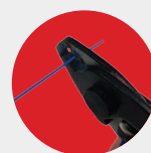

SimplyFIBER Superior Fiber Optic Solutions

SimplyFIBER mechanical connectors are factory pre-polished and field-installable. Our wedge plate allows for easy fiber insertion. V-groove technology ensures precision fiber alignment, stability, and long-lasting holding power. The proprietary index-matching gel provides excellent continuity for low loss terminations with single-mode or multimode optical fibers.

Feature	SimplyFIBER
Installation Speed	Rapid deployment with fewer steps and tools. Quicker completion and reduced labor costs.
Signal Integrity	Low attenuation maintains strong signal over long distances, ensuring reliability.
Compatibility	Compatible with SC and LC connectors, offering versatility and easy integration with systems
Precision & Reliability	Strict quality control ensures precision and reliability, reducing installation errors.
Design & Form Factor	Compact design saves space without compromising performance; ideal for tight spaces.
Cost Efficiency	Cost-effective due to reduce installation time and minimized errors; durable with fewer replacements.
User Experience	Easy to use, reducing training needs and improving efficiency; great for less experienced technicians.

LC/APC SM 250/900µm Mechanical Connector

Specifications

- Premium single-mode mechanical reusable connector
- High clarity matching gel for 250/900µm fiber
- Includes Connector, boot, and wedge plate

Item#	Quantity	Price
SF-LCASM	1/Bag	\$21.95
SF-LCASM-10	10/Bag	\$193.95

LC/UPC SM 250/900µm Mechanical Connector

Specifications

- Premium single-mode mechanical reusable connector
- High clarity matching gel for 250/900µm fiber
- Includes Connector, boot, and wedge plate

Item#	Quantity	Price
SF-LCUSM	1/Bag	\$21.95
SF-LCUSM-10	10/Bag	\$193.95

SimplyFiber - LC Connectors - Multi-Mode

LC/PC MM 50µm OM2 Mechanical Connector

Specifications

- Premium single-mode mechanical reusable connector
- High clarity matching gel for 250/900µm fiber
- Includes Connector, boot, and wedge plate

Item#	Quantity	Price
SF-LCPMM2	1/Bag	\$21.95
SF-LCPMM2-10	10/Bag	\$193.95

LC/PC MM 62.5µm OM1 Mechanical Connector

Specifications

- Premium single-mode mechanical reusable connector
- High clarity matching gel for 250/900µm fiber
- Includes Connector, boot, and wedge plate

Item#	Quantity	Price
SF-LCPMM1	1/Bag	\$21.95
SF-LCPMM1-10	10/Bag	\$193.95

LC/PC MM 50µm OM3/4 Mechanical Connector

Specifications

- Premium single-mode mechanical reusable connector
- High clarity matching gel for 250/900µm fiber
- Includes Connector, boot, and wedge plate

Item#	Quantity	Price
SF-LCPMM34	1/Bag	\$21.95
SF-LCPMM34-10	10/Bag	\$193.95

LC Assembly Fixture Base/Holder

Specifications

- For assembling LC fiber optic mechanical connectors
- Used with Single Mode and Multi-Mode

Item#	Quantity	Price
SF-LCAFBH	1/Bag	\$15.95

SimplyFiber - SC Connectors - Single-Mode

SC/APC SM 250/900µm Mechanical Connector

Specifications

- Premium single-mode mechanical reusable connector
- High clarity matching gel for 250/900µm fiber
- Color Coded for easy identifying

Item#	Quantity	Price
SF-SCASM	1/Bag	\$21.95
SF-SCASM-10	10/Bag	\$193.95

SC/UPC SM Mechanical Connector

Specifications

- Premium single-mode mechanical reusable connector
- High clarity matching gel for 250/900µm fiber
- Color Coded for easy identifying

Item#	Quantity	Price
SF-SCPM2	1/Bag	\$21.95
SF-SCPM2-10	10/Bag	\$193.95

SimplyFiber - SC Connectors - Multi-Mode

SC/PC MM 50µm OM2 Mechanical Connector

Specifications

- Premium single-mode mechanical reusable connector
- High clarity matching gel for 250/900µm fiber
- Color Coded for easy identifying

Item#	Quantity	Price
SF-SCPM2	1/Bag	\$21.95
SF-SCPM2-10	10/Bag	\$193.95

SC/PC MM 62.5µm OM1 Mechanical Connector

Specifications

- Premium single-mode mechanical reusable connector
- High clarity matching gel for 250/900µm fiber
- Color Coded for easy identifying

Item#	Quantity	Price
SF-SCPM1	1/Bag	\$21.95
SF-SCPM1-10	10/Bag	\$193.95

SC/PC MM 50µm OM3/4 Mechanical Connector

Specifications

- Premium single-mode mechanical reusable connector
- High clarity matching gel for 250/900µm fiber
- Color Coded for easy identifying

Item#	Quantity	Price
SF-SCPM34	1/Bag	\$21.95
SF-SCPM34-10	10/Bag	\$193.95

SC Assembly Fixture Base/Holder

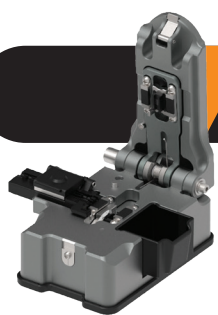

Specifications

- For assembling SC fiber optic mechanical connectors
- Used with Single Mode and Multi-Mode

Item#	Quantity	Price
SF-SCAFBH	1/Bag	\$16.95

SimplyFiber - Accessories

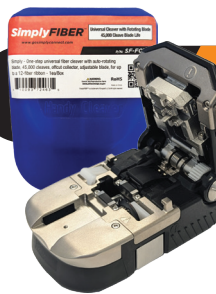

Fiber Cleaver with Rotating Blade

Specifications

- One-step fiber cleaver with auto-rotating blade
- 45,000 cleaves
- Offcut collector
- Adjustable blade
- Black Case

Item Name	Item#	Quantity	Price
Fiber Cleaver	SF-CL100	1/Box	\$493.95
Replacement Blade	SF-CL100RB	1/Bag	\$76.95

45K Cleaver with Rotating Blade

Specifications

- One-step fiber cleaver with auto-rotating blade
- 45,000 cleaves
- Offcut collector
- Adjustable blade, for up to a 12-fiber ribbon

Item Name	Item#	Quantity	Price
45K Cleaver	SF-FCMC	1/Box	\$1586.50
Replacement Blade	SF-FCRB	1/Bag	\$258.95

Fiber Tool Kit with Roll Top Bag

Kit Includes

- Cleaver with Rotating Blade
- 3 Hole Fiber Stripper
- Fiber Cleaner Bottle
- 50 Cleaning Wipes
- Roll Top Carrying Bag
- Qualifies you for our SimplyFiber certification course

Item#	Quantity	Price
SF-SMK1	1/Bag	\$1,495.95

SimplyFiber Certification

Purchase of the SF-SMK1 kit qualifies you for our SimplyFiber certification course. Scan the QR code here to register and upload your proof of purchase to secure a spot in an upcoming class. The certification course is designed to get you up to speed on fiber theory, best practices, and installation techniques for mechanical fiber connectors. The course dates and available locations will be updated on a regular basis. Check our SimplyFiber calendar for more upcoming classes.

3 Hole Fiber Stripper

Specifications

- Fiber optic stripper
- 3 hole easily strips 1.6 mm-3 mm jackets and access 125 micron bare fiber

Item#	Quantity	Price
SF-S043	1/Bag	\$39.95

Fiber Optic Cleaner Pens

Specifications

- One click cleaning
- Available in LC and SC models

Connector	Item#	Quantity	Price
LC	SF-CPLC	1/Box	\$36.95
SC	SF-CPSC	1/Bag	\$36.95

Turnkey Merchandising

Simply45 solution shown below includes 5 separate programs that are strategically designed to provide your customers with a wide range of installation products to properly support all their end-to-end connectivity needs. Materials included: Graphic rich out of stock cards, slatwall hooks, header card and enough inventory to get started.

Flexible Merchandising Program for Cut, Strip, Terminate, Test and Manage your Copper & Fiber Installation Needs

Simply45 branded solution for your showroom features our unique clear slat wall covers that will easily attach to an existing slatwall display. This turnkey solution provides all merchandising materials needed to properly set up your planogram. These programs are offered in 2 x 4 designs to allow the flexibility to properly support your customers' installation needs.
